

LEG PROTECTION

ANTIBACTERIAL INSOLES

PRODUCT FEATURES

MATERIAL: Two-layer structure - cotton fabric/latex, 3 mm thick. The insoles contain an antibacterial and fungicidal agent from the Swiss company Sanitized. Protect feet against bacteria, fungi, yeasts and mites responsible for unpleasant odors. The perforated surface provides air circulation inside the shoe and gives a fresh feeling. The latex layer prevents the insole from moving inside the shoe. The insoles are recommended for sensitive feet.

10 x10
